PROJECTS

URLShield - Phishing URL Detection System

- Developed a machine-learning-based web application to detect and classify potentially malicious URLs; implemented URL feature extraction, prediction, and risk classification.

Smart Attendance System

- Developed an attendance management system for recording and monitoring student attendance, simplifying tracking and access to records.

School Mobile Application

- Designed a mobile application for student information, notifications, and communication with a focus on a simple, user-friendly interface.

Nivi Voice Assistant

- Built a Python-based voice assistant capable of processing voice commands and performing basic tasks.

Sri Hari Website

- Created a responsive business website with a modern, user-friendly interface using HTML, CSS, and JavaScript.

INTERSHIPS & EXPERIENCE

Web Development Intern - Infinite Company, Coimbatore | June 2026

- Gained practical experience in web development, responsive website design, front-end technologies, and development tools.

Freelancing Intern - Caribbean Industries

- Gained exposure to client-oriented digital projects and professional workflows.

CERTIFICATIONS & ACHIEVEMENTS

- Deloitte Australia - Data Analytics Job Simulation, Forage - 2026
- Smart India Hackathon (SIH) 2025 - Inter College Winner - Fatal Syntax
- GUVI AI Workshop
- Web Development Internship - Infinite Company, Coimbatore
- Freelancing Internship - Caribbean Industries

CORE STRENGTHS

Problem Solving | Quick Learner | English Communication | Leadership | Teamwork | Adaptability
